

Ohtuvayre[®]

(ensifentrine) Inhalation
Suspension

3 mg/2.5 mL

How to Start Treatment With Ohtuvayre[®]

Now that your doctor has prescribed Ohtuvayre, you might be wondering what happens next. This brochure will guide you through the steps to receiving your medication.

Ohtuvayre[®]

(ensifentrine) Inhalation Suspension

3 mg/2.5 mL

Your prescription for Ohtuvayre will be sent to a specialty pharmacy. This type of pharmacy delivers medicines that aren't available at regular local pharmacies—right to your doorstep.

While the specialty pharmacy prepares your medicine, Verona Pathway Plus[™] is here to help you get started.

Step 1

You'll Receive a Welcome Call From Pathway Plus

After we review your insurance coverage, you'll receive a welcome call from us that explains the next steps for getting your Ohtuvayre medication.

Save Pathway Plus to your contacts

- Add **1-833-372-8492** to your contacts or save the number by scanning this QR code so you know when we call.

Add your specialty pharmacy's phone number to your contacts

- When we share the name of your specialty pharmacy, write down the name and number and save it to your contacts:

Specialty Pharmacy Name:

Specialty Pharmacy Phone Number:

Not an actual patient

Step 2

Your Specialty Pharmacy Will Call or Text You to Schedule Your Shipment

Ohtuvayre is shipped to you, so there's no need to go to a pharmacy to pick it up! Before shipping, your specialty pharmacy will contact you to confirm your address and cost details.

Add your specialty pharmacy's number to your contacts, if you haven't already

- You received this number during your Pathway Plus welcome call; it's the same one you may have written down in **Step 1**.

Provide consent to ship your Ohtuvayre

- Your consent is needed before the specialty pharmacy can schedule your first shipment. They will also ask if you need any nebulizer supplies, confirm your shipping address, and talk about payment (if any is required).

If you do not receive an update from Pathway Plus or your specialty pharmacy within a week of your welcome call, **give Pathway Plus a call** toll-free at **1-833-372-8492**.

If cost is a concern, please reach out to Pathway Plus—you may qualify for financial assistance or additional services.

Step 3

Begin Your Treatment with Ohtuvayre

After receiving your shipment of Ohtuvayre and any necessary supplies, you should begin treatment as prescribed by your doctor.

Take a look at the [Ohtuvayre Patient Brochure](#) and [Instructions for Use](#) in the Resources section under the Patient Support tab on [Ohtuvayre.com](#).

- If you have questions about Ohtuvayre, these resources and the Frequently Asked Questions on page 5 of this guide can help you learn more.

Set up your refills

- Your specialty pharmacy may contact you by phone or text to help set up refills. You can also call them directly.

Frequently Asked Questions

Why was I asked to sign a consent form?

This is necessary for Pathway Plus to check if you qualify for any financial assistance programs, so you can get the support you may be eligible for.

What if I have questions about my insurance coverage?

After you are prescribed Ohtuvayre (ensifentrine) and enrolled in Pathway Plus, we will check your insurance coverage and which specialty pharmacy will be shipping your medication. We will then give you a call to share next steps, discuss financial assistance options, and answer any questions you may have.

What if there's a delay in my insurance coverage?

Verona Pathway Plus may be able to help with starting treatment if there is a delay with your insurance coverage. To discuss next steps, give us a call toll-free at [1-833-372-8492](tel:1-833-372-8492).

Are there financial assistance options that can help lower my cost for Ohtuvayre?

If cost is a concern, please reach out to Pathway Plus—you may qualify for financial assistance or additional services. To learn more, give us a call toll-free at [1-833-372-8492](tel:1-833-372-8492).

How am I going to receive my medication?

Ohtuvayre is delivered right to your door from a specialty pharmacy. The medication is not available at your local pharmacy.

What is a specialty pharmacy?

Specialty pharmacies fill prescriptions for medications that have special handling, storage, and delivery needs.

How should the Ohtuvayre ampule look before use?

Shake the ampule until the contents are thoroughly mixed. The contents will appear cloudy and yellow to pale yellow in color. For more information, read the [Instructions for Use](#) or the [Patient Information Leaflet](#) on Ohtuvayre.com

What if I haven't used a nebulizer before?

No problem! Treatments that use a nebulizer are fairly common in COPD, and your healthcare provider will be able to answer any questions you have about how to use one.
